

# LIPA Residential Solar Pioneer Rebate Program Application Form

**Important: Please read the front and back of this form thoroughly before completing and keep a copy for your records.**

Customer Name: \_\_\_\_\_

Installation Address (Street, City State, Zip): \_\_\_\_\_

Mailing Address (if different): \_\_\_\_\_

Daytime Telephone: \_\_\_\_\_ PV System Purchase Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

LIPA Electric Account Number at Installation Address: \_\_\_\_\_

### Equipment Information

#### **MODULE**

Manufacturer: \_\_\_\_\_

Model: \_\_\_\_\_

Model Warranty Years: \_\_\_\_\_

Module Power Nameplate Rating: \_\_\_\_\_

#### **INVERTER**

Manufacturer: \_\_\_\_\_

Model: \_\_\_\_\_

Inverter Warranty Years: \_\_\_\_\_

#### **ARRAY**

Number of Modules: \_\_\_\_\_

Equipment Orientation (e.g. south, southwest): \_\_\_\_\_ Tilt Angle in Degrees: \_\_\_\_\_

Installer/Contractor: NYECOR Electrical Construction, 65-59 Parsons Blvd., Flushing, NY 11365

**You must have obtained a pre-approval letter from LIPA before the start of your PV system installation. Upon installation of your PV system, please provide invoices for all products described above in the Equipment Information portion of this application, including invoices for modules, inverters, other hardware and wiring. LIPA will only complete the processing of your application upon LIPA's receipt of the required product invoices and a completed, signed Net Metering Service Application.**

### **Rebate Calculation**

Peak PV array output (DC watts) multiplied by \$5.00/watt as rated under photovoltaic standard test conditions (STC). **Maximum Rebate: 10kW or \$50,000.**

Watts in DC \_\_\_\_\_ x \$5.00/watt = \$ \_\_\_\_\_ Total Rebate

PV System Equipment Total Cost: \$ \_\_\_\_\_

I certify that I purchased the PV system described in the Equipment Information portion of this application form and on the attached product invoices, and installed it or caused it to be installed at the location indicated above. I reviewed and agree to the terms and conditions stated on both sides of this application, and have obtained all of the necessary building permits and electrical approvals that may be required for a PV system installation. I understand that any deliberate attempt to misrepresent information in this application will disqualify me from all claims to existing rebates offered through LIPA's Solar Pioneer Program.

# LIPA Residential Solar Pioneer Rebate Program Application Form

## Eligibility Requirements

1. You must be a LIPA customer whose residential account is current at the site of the installation.
2. You must own the property where the PV system will be installed.
3. The installed PV system must be 10kW or less.
4. Only new PV product equipment is eligible for a rebate.
5. Prior to rebate qualification, homeowners installing a PV system must have completed and signed LIPA's Net Metering Service Application.
6. LIPA reserves the right to rebate PV product equipment at \$5.00 watt (DC).
7. LIPA reserves the right to use the rebate money to credit accounts in arrears.
8. LIPA reserves the right to inspect your installation and a copy of your contract in order to ensure compliance with program requirements.
9. LIPA will not be responsible for any tax liability imposed as a result of rebate payments.
10. To receive a \$5.00 per watt rebate, the required paid PV itemized invoice must be submitted to LIPA.
11. This program applies to PV system installations performed during the term of this rebate program. The term of this rebate program commenced on August 1, 2002. LIPA reserves the right to modify or withdraw this program and the rebates available under it through the year 2002 or any time thereafter.
12. Unless explicitly stated otherwise, photovoltaic rebates constitute stand-alone offers and cannot be used in conjunction with any other LIPA rebate program.
13. The rebate amount **cannot exceed the total cost of the PV system.**

## Customer Rebate Instructions

1. Fill out this rebate application entirely. All information is necessary for processing.
2. Fill out **two LIPA Rebate Application forms**, available from your solar contractor
3. Please submit to LIPA the **completed original Rebate Applications to:**  
  
**NYECOR Electrical Construction  
65-59 Parsons Blvd.  
Flushing, NY 11365**
4. If your net metering application is approved, you will then receive a pre-approved rebate letter from LIPA indicating your rebate amount.
5. Upon installation of your PV system, make a copy of your itemized product invoice. **Your itemized invoice must contain all PV equipment model numbers, and include purchase/installation date.** LIPA provides rebates based on the product invoice. If any information is missing from your product invoice(s), LIPA will not be able to determine your eligibility for a rebate.

*Please allow up to 60 days for delivery of the rebate check. An inspection of your installed PV system may be required by LIPA prior to the issuance of a rebate check.*
